Boil Water Notice for City of Richland

Issued: May 13, 2026

Due to conditions which occurred recently in the water system, the Texas Commission on Environmental quality requires the Richland water system to notify all customers to **BOIL** their water prior to consumption. To ensure destruction of all harmful bacteria and other microbes, water for drinking, cooking and ice making should be boiled and cooled prior to use for drinking water or human consumption purposes. The water should be brought to a vigorous rolling boil and then boiled for two minutes. In lieu of boiling, individuals may purchase bottled water or obtain water from some other suitable source for drinking water or human consumption purposes. Once the boil water notice is no longer in effect, the public water system will issue a notice to customers rescinding the boil water notice in a manner similar to this notice. If you have questions concerning this matter, you may contact:

City of Richland
903-362-3707
